Dyersville Airport Hosts Young Eagles

Students show off their certificates after completing the Young Eagle Program

On Saturday, May 12, seventeen young boys and girls got hands on education about airplanes and how they fly... The program had a short "ground school" which taught them the dynamics of flight and how pilots "preflight" aircraft before it is flown. Then all the participants got their first airplane ride.

The Young Eagle Program is an official program sponsored by the EAA (Experimental Aircraft Assn) to introduce young people to aviation. Young adults between the ages of 8 and 17 are welcome to participate.

Send your e-mail address to me at davekramer@iowatelecom.net. You will receive this by internet and save postage.

Humor of Airline Attendants

5. "Thank you for flying Delta Business Express. We hope you enjoyed giving us the business as much as we enjoyed taking you for a ride."

6. As the plane landed and was coming to a stop at Ronald Reagan, a lone voice came over the loudspeaker: "Whoa, big fella. WHOA!"
