## Jim and Al Link Visit the airport

Left to right are Jim Link of Destin Florida, Fred Lansing and Al Link of Omaha, NE checking out Fred Lansing's helicopter.

Jim and Al Link were in Dyersville visiting and Jim attended his 60th class reunion. He graduated from Xavier High School in 1947, went on to the Naval Academy and became a Naval Aviator. Jim, who is now retired in Florida, wanted to check out the airport. He is flying his Bonanza off a grass strip. Jim said his first airplane ride was with George Necker at the first Dyersville Airport. Who said these airports are not important?

George Konkowski (back to camera) and his grandson flew in to see what was going on and found out that he and Jim both worked for Lockheed at some point in there career.

Bottom Right  
Tim Wieneke gets advice from George Konkowski on how to keep 'em flying.
