Hard Work and Good Weather = Airport Open

Fred Lansing cuts with Breeze's mower

Ron Radloff with a borrowed rake, gets it ready for bailing.. Later, Don Fortman showed up with his bailer and finished the job. - - The airport was officially open.

The next day we cut the grass again to smooth it out and get everything even.

There are still corn stocks that must be removed from the side of the runway.

EAA Meeting Held at the Dyersville Airport

Although no one could fly in for the meeting, the local chapter of Experimental Aircraft Assn met at the Dyersville Airport for their June meeting.

The airport was opened the day after the meeting.

Another flight attendant's comment on a less than perfect landing: "We ask you to please remain seated as Captain Kangaroo bounces us to the terminal."

Bern Heimos visits Dyersville

Bern Heimos, photo journalist from southern California made Dyersville one of his stops again this year on his journey from his home in California to the birth place of the Cub in Lock Port, PA.

Bern spent 5 days in Dyersville meeting the people and sight seeing. One of his highlights was the 4th of July Celebration at the Commercial Club Park. He was impressed with the picnic and fireworks display.

His latest adventure was published in this month's EAA Magazine. His travels can also be followed on the web site www.vintageflying.com

Airport Summer Picnic attracted many families

The Dyersville model airplane flyers entertained the crowd for 3 hours with aerobatic flying.

Jerry and Chris Kramer prepare a plane for flight

Bill Burger makes a low pass over the runway with his model.

Tony Miner prepares to start the 30 cc engine on his craft. Tony also demonstrated his abilities at flying his model helicopter

Throughout the evening, about eighty aviation enthusiasts enjoyed the flying and food.

On August 10, the Model flyers will be flying at the airport. Watch for a flyer or article in the Commercial for details.

Everyone is welcome

What a nice way to finish the 4th Weekend.
