Same chores as last year but new faces are there to help.

Luke Kramer, son of Craig and Karen Kramer joins the force to maintain the airport. Luke is a student at Beckman High School and has had many flight with his father and grandfather. Luke will probably be one of our next generation pilots.

Randy Schuster and his crew are on the finishing stages of his hangar. The next good day without wind, Randy will get the cover on and it will be ready to house his Challenger aircraft.

Aug 29	Flight Breakfast	7:00 a.m. – 12:30 p.m.	Iowa City, IA (IOW)

Dyersville airport is now on the charts as a "Public Use Airport". This is important because the "Restricted" flag over the Dyersville Airport is now gone and pilots know they are welcome. The University of Dubuque has already been in and out of the airport for training.

Development on the Industrial Park continues.

One new building is built in the park and the roadways are laid.

Never too old to learn

Tim Wieneke, recent graduate of the University of Dubuque Aviation Program and present Aviation Instructor at the Monticello Airport gave Dave Kramer a half an hour of dual instruction on soft/short field take offs and landing Dave had the honor of being Tim's first student.

Pilot Philosophy

A check ride ought to be like a skirt.
Short enough to be interesting, but long enough to cover everything.

Speed is life.
Altitude is life insurance.

Young Eagles Flights

Saturday, June 26, 2010

(Rain date June 27)
