Ready for Take off

Nick Hirsh is strapped in the pilot seat and ready to fly the Peitenpol. Nick is one of the three pilots that are checked out in the plane. The Dyersville airport was used for the check rides because it is a wide grass field, and both ends are free obstruction. It is a perfect field for vintage aircraft.

We have been notified that several vintage aircraft will be coming this summer and fall to tour the Field of Dreams and other sites around the area. Next month a Piper Cub from Rockville, MD will be stopping to tour, in August the "Barnstormers" (a flight of 1930's aircraft) will be visiting us and we are hopeful that our friend Bern Heimos from California will be stopping in September.

This week all three planes were leaving at the same time. One was bound for Ft. Wayne, IN, one for Monticello and the third to check out the corn in the area.

### *Military Humor*

**On some air bases the Air Force is on one side of the field and civilian aircraft use the other side of the field, with the control tower in the middle. One day the tower received a call from an aircraft asking, "What time is it?"**

**The tower responded, "Who is calling?"**

**The aircraft replied, "What difference does it make?"**

**The tower replied, "It makes a lot of difference... If it is a commercial flight, it is 3 o'clock . If it is an Army aircraft, it is 1500 hours. If it is a Navy aircraft, it is 6 bells. If it is an Air Force aircraft, the big hand is on the 12 and the little hand is on the 3. If it is a Marine Corps aircraft, it's Thursday afternoon and 120 minutes to "Happy Hour."**

### Appreciation Picnic at the Airport

The 95 degree + temperature didn't keep away the core airport supporters from our summer picnic. The heat was so bad that we just sat around, kept cool drinking cold beverage in front of a squirrel fan. When we got hungry were pulled pork sandwiches donated by Craig Kramer, beans from Joan Kramer, brownies from Jane and Phil DeShaw and fruit from Randy and Deb Schuster. Beverage was supplied by all.
