The Cessna 150s visit Dyersville again this year

The Cessna 150 organization held their National Meeting in Clinton, Iowa this year and like last year they wanted to spend a day at Dyersville touring the Field of Dreams and having lunch. This year 33 aircraft graced the airport. This is the most planes we ever have parked at one time. We had five cars volunteered to transport them to the Field and back. The people that flew in from the Southwest and West could not believe the grass runway could be so green and soft. One young pilot, 12 year old Alex Bowley of Middletown, RI made his first landing on grass.

This is the Thank You card we got from the flyers. Notice how many states are represented..

Next year I hope they can come again and tour the Dyer Botsford House and the year after tour the National Farm Toy Museum.

Thanks for your hospitality! Best love & kisses

Pilots get hungry too and if you can share a meal with other pilots while talking about airplanes, the meal is twice as good.

Wayne Reicher (white hat and back to the door) entertains the young pilots with stories of the “old days”. Wayne will probably say that’s BS, but then, that’s what “hangar talk” is all about.

Randy and Deb Schuster entertain pilots and were the greatest help with the lunch and transporting pilots to the Field of Dreams and back.

T & M Aviation from Abbeville, LA has been here for weeks with a crew of 11 men and several helicopters spraying the local crops.

Harry Kinzle of Prarieburg, Iowa dropped in on a Sunday morning to “kick tires” with the pilots that meet at the airport on Sundays.

Aviation 101

Always remember you fly an airplane with your head, not your hands.
Never let an airplane take you somewhere your brain didn't get to five minutes earlier.
Remember, you're always a student in an airplane.
