## **Hangar Talk continues as storm builds**

Bill Barnes of Dubuque (one of our first stockholders when we built the airport) flew to Dyersville from Dubuque on the pleasant Sunday morning for our usual session of "Hangar Talk". As the morning progressed, the storm gathered. Finally, the session had to break up, the hangar and planes secured, Bill back in the air for Dubuque before the rain came.

Anyone interested in airplanes or good conversation is welcome to come to the airport and enjoy the conversation, the great outdoors and the comfort of the hangar.

The in-flight "safety lecture" and announcements can be a bit more entertaining. Here are some real examples that have been heard or reported:

\*\*\*\*\*

On a Continental Flight with a very "senior" flight attendant crew, the pilot said, "Ladies and gentlemen, we've reached cruising altitude and will be turning down the cabin lights. This is for your comfort and to enhance the appearance of your flight attendants."

\*\*\*\*\*

On landing, the stewardess said, "Please be sure to take all of your belongings. If you're going to leave anything, please make sure it's something we'd like to have."

## Model Airplane Fly In Update

The model flyers are planning on flying evenings from July 14 – July 20. Then on the weekend of July 19 & 20 they plan to fly afternoons and evening. Larry Kramer will be bringing his jets with him so it should be a fun week. **Anyone wanting to watch, bring your picnic chair and enjoy.**
