More Visitors fly into Dyersville Airport

Doug LeClere (left) of Coggon, Iowa and his copilot Chris Ammeter of Central City flew his 1938 Stearman to Dyersville to give his friend, Earl Davis of Buenie, a ride. Earl was involved in aviation all his life so this was a real treat for him. Earl and his daughter below.

Dubuque EAA Chapter 327 visited the airport for their August meeting.

EAA members flew and drove in for the meeting and then feasted on hamburgers, watched the fly-bys and enjoyed the rest of the afternoon.

Bern Heimos makes his annual visit to Dyersville

When Bern started his yearly adventures, he lived in Southern California and would fly through the East and Midwest but last fall he and his wife Laurie moved to South Carolina. This year he flew the Mississippi River. Check out his adventure on www.VintageFlying.com. Bern is flying a 1941 Piper Cub (65 mph). He said, as stated on his web site, it's the adventure of it. He sees America not from ground level or

26,000 feet but at 500 ft. As his says, "I'm always on final". For the non-pilots, that is the level you fly on final to the airport.

Having an Ercoupe is almost as good as having a Piper Cub or pet cat – look what they attract. Of all the planes at the EAA Breakfast Sept 13, Cathy Mac, a student in the UD Flight program, wanted to sit in the Coupe. (Bern's Cub flew in later - - lucky for me.) Cathy lives in Hawaii and transferred to Dubuque last winter. What a shock.

Events Calendar 2015
