Dubuque EAA Chapter met in Dyersville

Dubuque EAA Chapter 327

drove and flew to Dyersville for their June meeting. The first here was the president, Mike Hoffmann and the first plane, piloted by Joe Weber, landed about 2:00 pm. After an hour of hangar talk, the meeting was called to order and by 4:00 p.m the hot dogs and hamburgers were cooked and everyone sat down to enjoy the “fixens” on the potluck table.

Guess What is happening at the Dyersville Airport

After 20 years of flying in and out of the airport, and visitors landing to meet friends or family we are finally getting an indoor bathroom. I can tell my grandkids that I had to use an outhouse. Actually, they had to use it also. What stories they will have to tell. Now that the airport is permanent, We have dug a will and the decision was made rather than put an addition on the pilot lounge, which served us well for 13 years. However, the structure (garage) came from the flood plain of Dyersville and was tacked together to serve us and the visitors of Dyersville. We decided to build new. Ron Radloff, Fred Lansing, Jim Wessels are donating most of the material and a group of pilots and friends of the airport are building the new lounge - - with an indoor bathroom!!!!!!

After 13 years, the old comes down and the new is built

Lansing Brothers remove the old and Nick Radloff begins the process of putting in the floor of the new

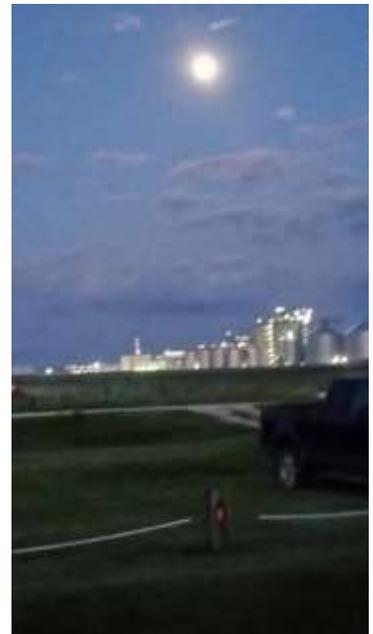

Ron Radloff and Fred lay out the building, the water is brought into the building, the floor is poured and Ron built the walls and delivered them to the sight.

On a Sunday morning Ron, Fred Craig Kramer, Tony Mineart, Phil DeShaw and Paul Ahern put up the walls.
Many hands make light work.

When work is finished for the day, relaxation is the key.
Left to right – Tony Mineart, Craig Kramer, Phil DeShaw, Paul Ahern, Ron Radloff, Mark Brown and Luke Kramer.

As the fog moves over the runway and the moon rises over the ethanol plant, we call it a day.

Model Air Show
Sunday July 24 from Noon to 6 pm Dyersville Airport
Free
A Good Family Afternoon
