**March brings the Irish out of their winter hibernation and we all celebrate with parties and parades.**

Craig Kramer decided to advertise for the airport and enter a float in the parade. With help from several people, he got it done. Casey Hoeger, June Hermsen and Craig made the sign. Fred Lansing made the tow bar for the tractor. The tractor was donated by Helle Farm Equipment and pilot and copilot were Nobel and Gloria Hoeger.

## Scheduling 2017 events

### Dubuque EAA Chapter 327 will hold their May and June Meetings at the Dyersville Airport.

At the March meeting in Dubuque, the Chapter requested meeting at the Dyersville Airport for their May and June meeting. Members fly in or drive in early afternoon hold their meeting, then tell stories over a light meal of burgers, beans, chips and deserts members bring in.

The model fly-in will be held Sunday July 23. Noon to ???????? Bring the family – young and old enjoy watching these pilots fly.

---

Oct 8	Reedsburg, WI (C35)	Flt Breakfast	8 - Noon

## Aviation 101

A thunderstorm is never as bad on the inside as it appears on the outside. It's worse.

Any attempt to stretch fuel is guaranteed to increase headwind.

The propeller is just a big fan in the front of the plane to keep the pilot cool. Want proof? Make it stop; then watch the pilot break out into a sweat.

Spring is just around the corner. The pilot lounge is finished (with indoor toilet), the mowers are wanting to get warmed up and the only thing left to do is clean out the hangar. We have left-over building material and things from the old pilot lounge that we no longer need. One good day of work will have us ready for the summer activities. Let's shoot for the first warm weekend.

---

With the Sept. 30 FAA reauthorization deadline approaching, the letters ask for “ample opportunity” to review and debate legislation that might change air traffic control funding and oversight.

The letters note that some large airlines are pushing for a new model “based on systems in other parts of the world.” The letters also bring up the potential impact of user fees as well as “real and long-standing concerns... based on our operating experiences in these foreign systems.”
