Visitors over Mother's Day

On Mother's Day, Bryan and Michelle Flood flew in from St Paul Downtown Airport to visit the Field of Dreams. They wanted to see the field for some time but put it off because of the drive from Minneapolis. Bryan checked the FOD website then checked AirNav.com and realized Dyersville had an airport. The rest became history. They flew in, drove around town and visited the Field of Dreams. After visiting with them we decided to develop a better marketing plan. The flight was a little less than an hour. Bryan also left a nice comment on our comment book.

Another visitor from the North was Joe Langel. Joe flew from his home in Lakeville, MN to Dyersville to visit his parents on Mother's Day weekend.

Dubuque EAA Chapter 327 held their May Meeting at the Dyersville Airport on May 22.

Meeting day was rain and cold. It was nice to use the Pilot Lounge instead of meeting in the cold, damp hangar. No one was able to fly in because of the weather but a dozen drove. EAA June meeting will be in Dyersville. June 24 to be exact.

This is like flying over Ft. Hood, TX (I know someone who did).

Vine Road Aviation, LLC meets

In May, Vine Road Aviation, LLC (owners of the airport) met for the first time in the new pilot's lounge. The members looked over the financials, goals and achievements of Dyersville Area Aviation and the LLC. We would like a few more members to reduce the debt at the bank so we are accepting members that think aviation is important to the community and/or love aviation. If you are interested, contact Dave Kramer 563 590-0558. If you do not want to become an owner, you can donate to the airport (Dyersville Area Aviation is a non profit). Become a supporter and ensure we can welcome visitors by land and air.

Oct 8	Reedsburg, WI (C35)	Flt Breakfast	8 - Noon

Another visitor this month

Dave Hogan formerly of Dyersville, flew this completely restored 1947 (?) Stenson here to visit family.

This airplane is “factory fresh” It didn’t fly for 50 years. When purchased, everything was stripped to the frame. The frame was coated, new material was applied, the motor was overhauled and the interior was redone.

This is a beautiful thing to look at.

Coming up in July - - The model flyers will hold their annual fly-in July. The date set is Sunday, July 23 at the Dyersville Airport.
