Pat Rooney flew into Dyersville to train his family, Abby on the right and Ailie on his right. They took a little time at the airport then gave soft field take off training before going to Dubuque for "tower work".

People visiting our community

Richard Searce of Mount Vernon, IA Flew in June 17 and was picked up by his wife who was spending time at their cabin on the Mississippi. He

spent the week end then left for home.

Norm Robbins (pilot next to copter), Lowell Greimann and his granddaughter Eve Greimann took a break and had lunch in Dyersville. Robbins and Greimann were doing a photo survey in this area. Greimann is an engineer and has done work in this area before.

Dave Hogan of Des Moines has been into the airport twice this month. The last time he had a co-pilot, his son Drake. Drake and dad flew home to visit grandma.

Bob Wagner landed in Dyersville two days in a row. Bob flew into Dyersville to visit the first time and a day later flew in for the EAA Chapter 327 meeting.

Bill and Elaine Fitch also flew in for the meeting.

Aviation 101

If you push the stick forward, the houses get bigger, if you pull the stick back they get smaller. (Unless you keep pulling the stick back -then they get bigger again)

By Craig Kramer

President's Message

Hello aviation enthusiasts! We have had a busy month as you can see from the rest of the newsletter. There are some things coming up and a lot of work to do yet this summer.

We are currently working on installing internet access and a top quality, internet accessible weather station with cameras. These items will promote the City of Dyersville if we can report weather on the local media, and the general public and curious pilots can access current conditions in the area in real time. Although these items are virtually being donated there will be ongoing expenses for an already tight budget.

We are having a meeting at 6 pm Wednesday, July 12, at the airport, 3200 Vine Road, just past the Ethanol Plant near BARD Materials. Please join us for a picnic-type meal and a quick informational meeting.

Dyersville Area Aviation is currently classified as a state non-profit corporation and we are working on getting a federal 501c designation. With this community betterment project in mind, please consider donating to DAA on an annual basis in any amount you deem comfortable.

Dyersville Hosts the June EAA Meeting

Left – Harry Styer starts the food line, followed by Bill Fitch.

Things discussed were the up- coming Flight Breakfast in September, Young Eagle flights and Dubuque Airport renovation.

Joan Kramer enjoyed talking to the President, Mike Hoffmann.

Coming up in July - - The model flyers will hold their annual fly-in July. The date set is Sunday, July 23 at the Dyersville Airport.
