Crop Dusters move in

It's that time of the year again. The planes and helicopters are flying low over the area. There have been three helicopters in and out of the airport and a spray plane is scheduled the 1st of August. Last year we timed the copter's refueling and filling with chemical. Both can be done in less than a minute. It was 38 seconds for chemical and if fuel was taken on at the same time it added 10 seconds to the stop.

Pilots in training

Three local men are in flight training. Jeff Wieneke , owner of Quiznos and father of Tim, the instructor, has “soloed” in his flight training. This means he can fly the airplane without an instructor between lessons. The two other gentlemen are Robbie Thier and Miles Link. They will be Seniors in high school this fall. Robbie is the son of Terry and Sherry their and Miles is the son of Gwen Link and Jim Steger all of Dyersville.

Pilot Philosophy

Aircraft Identification:
If it's ugly, it's British.
If it's weird, it's French.
If it's ugly and weird, it's Russian.

Without ammunition, the USAF would be just another very expensive flying club.

Events Calendar 2011

Feb 25	Buffet Lunch every Friday thru Nov.	Noon Come early watch planes	Iola WI (68C)
Aug 7	Flight Breakfast	7:30 – Noon	Cresco, Iowa (CJJ)

Luxemburg Church in final stages of steeple replacement

It has been eleven months since the church was struck by lightning. Finally the repair is coming to an end and the front entrance will be available again.
